MUSIC ADVENTURE 16

Build a Scale!

Fill in the C major scale and mark the whole and half steps. Ages 8-10.

Write the note names in the big circles: C D E F G A B C. Then write W (whole step) or H (half step) in each small box. Use the piano on page 15 to help you.

W = whole step (skip one key). **H** = half step (the very next key). E to F and B to C are half steps.

Sing it: Do Re Mi Fa Sol La Ti Do. Sing each note as you point to its circle.

Challenge: write the G major scale

Hint: one note needs a sharp (#) to keep the same pattern of whole and half steps.

Scale detective

1. How many half steps are in the C major scale? _____
2. Between which two letters do they happen? _____ to _____ and _____ to _____
3. Which two white keys on the piano have no black key between them? _____ and _____
