MUSIC ADVENTURE 15

Piano Map!

Label the white keys and find the black key groups. Ages 8-10.

1. Write the name of every white key. The first one is done!
2. Circle each group of 2 black keys in orange and each group of 3 in blue.
3. Color every C orange. Hint: C is just left of the 2 black keys.

Quick quiz

Just left of the 2 black keys is _____

Just left of the 3 black keys is _____

Between the 2 black keys is _____

Remember

The white keys use 7 letters: A B C D E F G. Then they start over. Going right, the sound gets higher. Going left, it gets lower.

Bonus: Play your labeled keys on a real piano or keyboard. Say each name out loud as you press it.
